ST

Control panel area of the machine, featuring a red emergency stop button, a yellow warning triangle, and a yellow label. The panel also includes a terminal block and a small red label.

Yellow label with text, likely a safety or technical specification sheet, affixed to the machine's side panel.

Small blue and red label with text, possibly a manufacturer's or model's identification tag.

Red emergency stop button with a yellow border, mounted on the control panel.

Yellow warning triangle symbol, indicating a hazard or safety warning.

Yellow and black safety device, possibly a light curtain or safety sensor, mounted on the machine's surface.

Cluttered workshop background with various wooden materials, including planks and beams, and fluorescent lighting fixtures.
